

## Course Progress and Intervention Strategy

### [National Code 2018 Standards 8]

#### Purpose

The purpose of this procedure is to ensure that student course progress is monitored and reviewed, that Rosehill College takes intervention action when a student is in danger of not progressing satisfactorily or completing their course, and that the requirements of the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students are met.

#### Responsibility

The Director of Studies is responsible for the implementation of this procedure and to ensure that staff and students are aware of its application and that staff implement its requirements.

#### Requirements

1. For vocational and technical education courses attendance is recorded and monitored as part of the course progress requirements and student behaviour requirements.
2. In compliance with the Rosehill College's obligations under the National Code 2018 (8.4), the registered provider must have and implement documented policies and processes to identify, notify and assist an overseas student at risk of not meeting course progress or attendance requirements where there is evidence from the overseas student's assessment tasks, participation in tuition activities or other indicators of academic progress that the overseas student is at risk of not meeting those requirements.
3. Students are required to adhere to Rosehill College's student attendance requirements applicable to their course at all times.
4. Students are required to complete their course within the expected duration of study as recorded on the CRICOS register unless there are exceptional circumstances.
5. At the time of initial enrolment each student will be furnished with a "training program" schedule which will identify the units required to be completed in each study period in order to complete the qualification within the normal duration as indicated on the CRICOS register.
6. Students who have unsatisfactory academic progress will be reported to Department of Education and the Department of Immigration and Border Protection. Unsatisfactory academic performance is defined as failing more than 50% of units in two consecutive study periods.
7. Students who are "at risk" of not meeting satisfactory course progress requirements will be interviewed, counselled and will be placed on a course intervention strategy.
8. All causes of unsatisfactory progress or being "at risk" are to be considered, including academic causes and not academic causes such as personal issues.

9. The progress of each student is monitored, recorded and assessed.
10. Rosehill College has documented course progress policies and procedures.
11. Rosehill College assesses each student at the end point of each study period according to its course progress policy.
12. Rosehill College has an intervention strategy that identifies and assists students who are at risk of not making satisfactory course progress.
13. Where Rosehill College has assessed the student as being “at risk” the College will inform the student and implement an intervention strategy where warranted.
14. Where Rosehill College has assessed the student as not meeting satisfactory course progress, the College will inform the student in writing of its intention to report the student and that he or she is able to access the College’s complaints and appeals process within 20 working days.
15. If the appeals process is actioned, in the event that the College’s decision to report is upheld, Rosehill College will notify the Department of Education and the Department of Immigration and Border Protection through PRISMS of the student not achieving satisfactory progress.
16. The method section defines the procedure used for monitoring progress, taking intervention action and reporting students who breach the requirements.

## Definitions

1. Study period means one term of study (10 weeks).
2. Being “at risk” of not meeting satisfactory course progress requirements occurs when a student:
  - fails more than 50% of units in a study period; or
  - fails two or more units in a study period; or
  - fails a prerequisite unit in a study period; or
  - fails two consecutive assessments (or one if there are only two) of a prerequisite unit in a study period; or
  - during a study period falls behind the trainer’s expected progress and is reported by the trainer to the Director of Studies
  - is unable to complete a course within the expected duration of study as recorded on the CRICOS register after having their program reviewed by the Director of Studies in accordance with the College’s Completion Within the Expected Duration procedure; or
  - is absent for 5 consecutive days or in any other way has an attendance record that is detrimentally affecting the student’s capacity to complete the assessment requirements for a unit. Prior approval or a medical certificate from a registered medical practitioner does not remove the “at risk” status, as prolonged absences for any reason place a student at risk of failure and are reported to the Director of Studies.
3. Failing a unit means being assessed as “Not Yet Competent” for a completed unit.
4. Satisfactory progress means that students have **not** been identified as having failed more than 50% of units in two consecutive study periods
5. The Director of Studies is responsible for the implementation and monitoring of

the intervention strategy.

## Method

### Intervention strategy – general requirements

1. All students identified as being “at risk” (during the study period or at the end of the study period) of not meeting satisfactory course progress requirements will be sent a warning letter requiring them to attend a course counselling interview using the appropriate student course progress warning letter.
2. An electronic copy of the warning letter (or email) and all other relevant documents will be placed in the student’s file.
3. If a student does not contact the Rosehill college within 5 working days from the date of the first warning letter, a second warning letter will be sent out followed by intention to report (ITR). ITR letter will be sent within 5 working days from the date of the second warning letter.
4. At the meeting an intervention strategy will be negotiated with the student and will be recorded at the conclusion of the meeting and signed off by the student and the Director of Studies. A written copy of the intervention strategy will be provided to the student and placed in their file.
5. The course counselling interview and fortnightly intervention meetings will be initiated by the Director of Studies. However, appropriate personnel such as a Trainer may be called on to assist with the process or to deputise for the Director of Studies.
6. The effectiveness of the intervention strategies must be judged during this process and amended if appropriate. This information must also be recorded and feedback provided at the
7. Students “at risk” of not meeting course progress requirements, who fail to participate fully in the intervention strategy developed by Rosehill College in conjunction with the student will be subject to the Student Behaviour Code requirements which includes the possibility of deferral, suspension or cancellation of their enrolment.
8. At the fortnightly intervention meetings, the following will be reviewed:
  - 1) Programs to address academic and non-academic issues
  - 2) Student attendance
  - 3) Student study time table drawn up
  - 4) The fortnightly academic involvement report from each subject trainer.
  - 5) Assessment outcomes
  - 6) Any other matters relevant to progress
9. Where a student on the intervention strategy requires more time to complete their qualification the current Confirmation of Enrolment must be cancelled and a new Confirmation of Enrolment must be completed by the Student Services and Administration Manager and lodged on PRISMS. The new Confirmation of Enrolment must indicate the revised completion date and the reasons for the revised date.
10. Students failing to comply with the terms of the agreed intervention strategy will be notified of this in writing and of the possible outcomes of this non-compliance (suspension or cancellation under Rosehill College Student Behaviour Code

requirements). The written notification will require the student to immediately contact the Director of Studies to arrange a meeting to ascertain and address the reasons for failing to comply with the terms of the agreed intervention strategy. The written notification will be sent to the student within 5 working days of the student failing to comply with the terms of the agreed intervention strategy being identified by the Director of Studies. It will be at the discretion of the Director of Studies (based on information discussed and evidence provided) to decide whether to re-negotiate another intervention strategy with the student or notify the student of the Director of Studies' intention to implement the College's Reporting Procedure.

### **Intervention strategy – during a study period**

1. During a study period student course progress and attendance will be continuously monitored by trainers.
2. Identification of students “at risk” will be accomplished by teachers completing the relevant section of Rosehill College course progress record for the course each student is enrolled in where a student is identified as being “at risk” according to any of the criteria below.
3. Students will be identified as being “at risk” if during the study period they:
  - fail to meet course progress assessment requirements communicated in writing to the students; or
  - fail two consecutive assessments (or one if there is only two) of a pre requisite unit in a study period; or
  - are absent for 5 consecutive days or in any other way have an attendance record that is detrimentally affecting their capacity to successfully complete a unit: or
  - are identified by the trainer as not progressing satisfactorily through the course material.
4. Trainers must monitor and record student attendance and progress during each study period. Trainers must report, in writing (via Rosehill College course progress record), to the Director of Studies the details of any student identified as being at risk during a study period without delay.
5. All students identified during a study period as being “at risk” of not meeting satisfactory course progress requirements will be sent a warning letter by the Director of Studies requiring them to attend a course counselling interview using the appropriate student course progress warning letter (case 1).
6. An electronic copy of the warning letter and all other relevant documents will be placed in the student's file.
7. The course counselling interview and fortnightly intervention meetings will be initiated by the Director of Studies. However appropriate personnel such as a Trainer may be called on to assist with the process.
8. At the course counselling interview academic and non-academic issues are to be explored, solutions sought and the following intervention strategies will be put in place where appropriate:

- Programs and counselling to address academic and non-academic issues
  - Resitting assessments during the current study period
  - Training and assessment programs conducted during non-compulsory periods to “catch up” failed units.
  - Undertaking additional units in subsequent study periods to “catch up” with the training program schedule.
  - Student attendance timetable prepared.
  - Student study time table prepared.
  - A fortnightly intervention meeting for the current study period with the Director of Studies or a delegated person will be scheduled.
  - A fortnightly academic involvement report requested from each subject trainer.
9. Students failing to comply with the terms of the agreed intervention strategy will be notified of this in writing and of the possible outcomes of this non-compliance (suspension or cancellation under Rosehill College Student Behaviour Code requirements). The written notification will require the student to immediately contact the Director of Studies to arrange a meeting to ascertain and address the reasons for failing to comply with the terms of the agreed intervention strategy. The written notification will be sent to the student within 5 working days of the student failing to comply with the terms of the agreed intervention strategy being identified by the Director of Studies. It will be at the discretion of the Director of Studies (based on information discussed and evidence provided) to decide whether to re-negotiate another intervention strategy with the student or notify the student of the Director of Studies intention to report.

### **Intervention strategy – after completion of a study period**

1. Within 10 working days of the completion of a study period the Director of Studies will review the academic progress of all students in their department and identify those students who are “at risk” of not meeting satisfactory course progress requirements.
2. Identification of students “at risk” will be accomplished by the Director of Studies reviewing a current transcript of student progress printed from the student database (RTO Data) and completing the relevant section of Rosehill College course progress record for the course each student is enrolled in.
3. Being “at risk” of not meeting satisfactory course progress requirements occurs when a student:
  - fails more than 50% of units in a study period; or
  - fails two or more units in a study period; or
  - fails a prerequisite unit in a study period; or
  - is unable to complete a course within the expected duration of study as recorded on the CRICOS register after having their program reviewed by the Director of Studies in accordance with Rosehill College Completion within the expected duration procedure

4. All students identified at the end of a study period as being “at risk” of not meeting satisfactory course progress requirements will be sent a warning letter by the Director of Studies requiring them to attend a course counselling interview using the appropriate student course progress warning letter (case 1).
5. An electronic copy of the warning letter and all other relevant documents will be placed in the
6. The course counselling interview and fortnightly intervention meetings will be initiated by the Director of Studies however appropriate personnel such as a Trainer may be called on to assist with the process.
7. At the course counselling interview academic and non-academic issues are to be explored, solutions sought and the following intervention strategies will be put in place where appropriate:
  - Programs and counselling to address academic and non-academic issues
  - Student attendance timetable prepared
  - Student study time table prepared
  - A fortnightly intervention meeting for the current study period with the Director of Studies or a delegated person will be scheduled
  - A fortnightly academic involvement report requested from each subject trainer.
- Resitting assessments
- Undertaking additional units in subsequent study periods to “catch up” with the training program schedule.
- Training and assessment programs conducted during non-compulsory periods to “catch up” failed units.
8. Students failing to comply with the terms of the agreed intervention strategy will be notified of this in writing and of the possible outcomes of this non-compliance (suspension or cancellation under Rosehill College Student Behaviour Code requirements). The written notification will require the student to immediately contact the Director of Studies to arrange a meeting to ascertain and address the reasons for failing to comply with the terms of the agreed intervention strategy. The written notification will be sent to the student within 5 working days of the student failing to comply with the terms of the agreed intervention strategy being identified by the Director of Studies. It will be at the discretion of the Director of Studies (based on information discussed and evidence provided) to decide whether to re-negotiate another intervention strategy with the student or notify the student of the Director of Studies intention to implement Rosehill College Student behaviour procedure.

### **Reporting unsatisfactory course progress to the Department of Education and the Department of Immigration and Border Protection**

1. Within 10 working days of the completion of a study period the Director of Studies will review the academic progress of all students and identify those students who have failed 50% or more units in two consecutive study periods.
2. If a student fails more than 50% of units in two consecutive study periods or otherwise fails to meet course progress requirements, Rosehill College must notify the student in writing within 5 days of its intention to report the student for not

achieving satisfactory academic progress using the appropriate student course progress warning letter. The student must be informed they have 20 working days to appeal to Rosehill College.

3. If the appeal is not upheld or the student withdraws from the appeal process, then Rosehill College must report the student to Department of Education and the Department of Immigration and Border Protection as soon as practical following the appropriate PRISMS process.
4. If a student is reported to the Department of Education and the Department of Immigration and Border Protection for unsatisfactory progress the Department of Immigration and Border Protection will consider the circumstances of the student through PRISMS information. The Department of Immigration and Border Protection may issue a Notice of Intention to Consider Cancellation (NOICC) to student's most recent contact details notified to Rosehill College.
5. The Department of Immigration and Border Protection may receive a response from the student visa holder. The Department of Immigration and Border Protection will consider cancellation under discretionary powers in section 116 of the Migration Act.
6. The student may continue to attend class provided they agree to continue to participate in an intervention strategy, pay their fees on time and meet any other academic and participation requirements Rosehill College requires, unless the Department of Immigration and Border Protection makes a determination to cancel their visa.
7. Students who are not identified by this process will be deemed as having satisfactory course progress, however they may at a later time be identified as being "at risk" of not achieving satisfactory course progress and therefore be subject to an intervention strategy.

### Flow Chart of Course Progress Policy
